

# Intelligence Subscriptions

*Operate Globally with Confidence*

**Be forewarned about global risks with iJET's intelligence subscriptions, designed to provide a holistic approach to your critical information needs and help you fulfill your Duty of Care requirements.**

## FACTS ALONE ARE NOT ENOUGH

The value of intelligence is determined by quality, thoughtful analysis and contextualized insights. iJET's analysts and subject matter experts are second to none. Take advantage of the variety of intelligence subscriptions available to keep your organization running without disruptions. We will keep you abreast of developing situations as we continuously monitor activities around the world – daily, monthly or as needed.

## UNMATCHED IN THE INDUSTRY

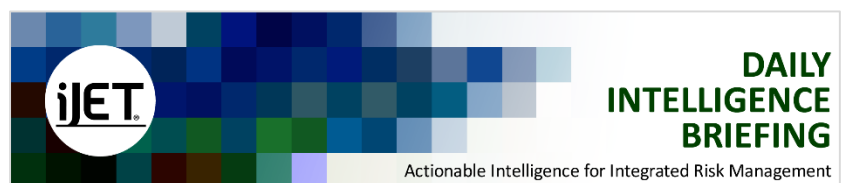

- Worldwide multi-sourced alerts backed by standing intelligence reports on **nearly 191 countries** and **363 cities**
- **24x7 global monitoring** across 10 core threat categories
- **21,000 sources of information**, including over 1,000 human sources providing granular intelligence
- **60+ analysts and subject matter experts** with proficiency in **more than 25 languages**

## COST EFFECTIVE OFFERINGS

iJET's Daily Intelligence Briefings are a cost effective way to allow you to stay on top of global situations that can affect your organizational interests and personnel. Our Monthly Intelligence Forecast accurately predicts longer-term developing situations. In addition, the weekly Health Intelligence Monitor informs you not only about pandemic and infectious diseases but highlights issues of concern to all business travelers. Each subscription is packed with valuable information that is comprehensively vetted for accuracy.

## Daily Intelligence Briefing

The Daily Intelligence Brief provides information about global noteworthy, risk-related events and developments. It is published Monday through Friday and offers you:

- In-depth coverage of current issues by global region
- Critical issues of note highlighted upfront
- Easy-to-understand country security ratings and alert levels
- 100% new content each edition
- Interactive feedback option to communicate opinion or insights to the analysts

## Health Intelligence Monitor

The Health Intelligence Monitor is a weekly publication that helps you fulfill your Duty of Care requirements. It contains jargon-free timely information on issues of infectious disease, chemical contamination, radiation health and more. Its core focus is to provide valuable information on how these matters may impact travelers, security, and corporate resiliency.

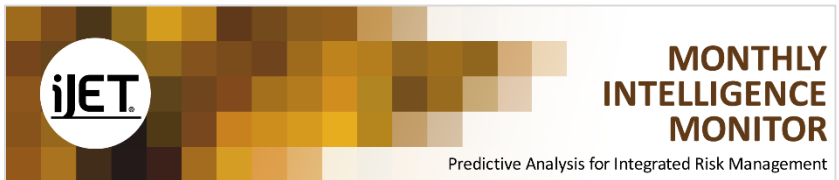

Subscribe today to receive:

- Key health-related issues and their potential impact
- Maps showing global hotspots by disease/outbreak
- Tips for healthy travel abroad
- Quality regional analysis from medical experts

## Monthly Intelligence Forecast

The Monthly Intelligence Forecast provides near-term global security and geopolitical analysis of developments around the world that may impact organizational operations in the weeks ahead. With iJET's Monthly Intelligence Forecast, you are better able to:

- Understand key regional developments affecting operations on every continent
- See beyond the immediate "fires" and comprehend the broader implications of global events
- Have heightened regional understanding with maps highlighting events and countries of concern
- Understand if a situation is ramping up or de-escalating
- Have awareness of important-to-know dates (holidays, political elections, and more)
- Gain in-depth understanding of a particular region or situation with the "In the Spotlight" feature

Our mission is to be the industry leader, providing tailored solutions to help our clients operate globally with confidence. Each day, our insights protect the personnel, assets, and investments of those we serve.
